CLIENT TESTIMONIALS

“After our accident, my wife, Stacie, and I were scared, overwhelmed, and unsure of what the future would look like. In the middle of all that uncertainty, Grant and Lindsay became our steady support. From day one, they treated us like family. They didn't rush us and never made us feel like just another case. They listened with compassion, explained everything with patience, and walked beside us through every step of a very difficult journey. Stacie suffered serious injuries, including a traumatic brain injury, post-concussive disorder, and spinal injuries. Watching someone you love go through that is heartbreaking. Grant and Lindsay made sure she had access to the care and help she truly needed, and they never stopped advocating for her and for us. What meant the most was knowing we weren't alone. They genuinely cared about our well-being, checked in on us, and fought for us as if we were their own family. We will always be grateful for their kindness, dedication, and heart during one of the hardest chapters of our lives. If you ever need someone who will truly stand by you when everything feels overwhelming, Grant and Lindsay are those people.”

- Dave M., *Former Client*

“Great lawyer! He knows what steps need to be taken to make sure his clients come first. He has helped me with a monumental task that I would not have been able to do any other way. Thank you!”

- Jake B., *Former Client*

“My family first met Grant and Lindsey when we were deep in the shock and grief of losing my 33 year old son in a workplace incident caused by negligence. I have worked in law firms for 28 years and have a strong understanding of the differences in how attorneys and their teams can treat their clients. Grant, Lindsey and Joe are top notch in their drive, knowledge and client care. Our Wrongful Death case lasted 2 years. Grant and Lindsey never failed in updating us each step of the way. The professionalism and care they provided went far above and beyond my expectations. The genuine care they showed my entire family throughout such an arduous and painful time in our lives is something we will always cherish.”

- Cindy B., *Former Client*

“[They] did a fantastic job handling my situation. They came in with days left and saved me. Honestly they turn Lemons into lemonade, truly a blessing. Top of the mountain for sure. Professional, courteous and just down right good people. I would recommend them a thousand times over.”

- Kevin L., *Former Client*

“When we first met I was still in severe pain and shock from losing a leg and suffering catastrophic injuries. They were never pushy and treated us like family. Grant did all the research of evidence and hard work in putting the case together. We were always kept informed and part of the process, which took two years and eight months. We were always well-prepared for every step and Grant and Anita both have great reputations in the legal community. Anyone who needs a great lawyer, Grant is a fighter for worker safety and rights. I highly recommend.”

- Wayde M., *Former Client*

“Grant, Joe, and Lindsay have been an absolute blessing to my brother and me. Their knowledge, compassion and dedication go far beyond what we ever expected. In 2022, our family suffered an unimaginable loss when a box truck speeding down

the interstate crashed into my brother's car, taking the lives of four of our loved ones and my brother's fiancé. From day one, this team has stood by us! Fighting for our loved ones and giving us strength when we had none left. They've handled everything with such care, patience, and respect. They are always keeping us informed and making sure we feel supported. Finding Grant, Joe, and Lindsay has been a true gift. I trust them completely and am so thankful for their hard work, kindness, and determination to seek justice for our family. We couldn't ask for a better team."

- Abigail, *Former Client*

"Grant's a great lawyer with a great staff. You don't get treated just like a client but as a friend as well."

- Bill S., *Former Client*
